|--|--|
| OVERALL DIMENSION  | 5" high x 2.75" wide x 7/8" deep.  |
| FEATURES   | Ability to control most functions while connected to the 8000 Series Multi-Sport Console (sold separately). Console can still perform other duties while remote is in use.   |
| KEYS   | Responsive tactile embossed keys on a durable polyester overlay. Pressing a red edit key<br>allows remote to send numeric data and allow for quick edits of scores, yards to go, ball<br>on and time.<br><b>Football:</b><br>Timer: Start and Stop the Clock and Edit the Time.<br>Scores: Add 1 or 6 to Home or Guest Scores or Edit via Number Keys.<br>Control Brightness of Scoreboard LEDs.<br>Sound the Horn.<br>Advance the Down.<br>Edit Yards to Go.<br>Change Possession.<br>Advance the Quarter.<br>DOG Timer: Start and Stop Delay of Game Timer.<br>Trigger 2 resets for the Delay of Game Timer. |
| CONSTRUCTION   | Remote is made from durable plastic enclosure.<br>Radio receiver is made from extruded aluminum to match 8000 Series Multi-Sport<br>Console.   |
| RADIO REMOTE<br>418 MHz  | Remote requires the Remote Receiver (shown above). Receiver connects directly to the<br>Auxiliary I/O on the 8000 Series Multi-Sport Console via supplied Ethernet Cable.<br>Radio ID can be easily changed in the remote and learned to the Remote Receiver,<br>making it possible to control the same receiver with multiple remotes, or to control<br>multiple receivers with multiple remotes.   |
| POWER REQUIREMENTS   | Remote requires two (2) AA Batteries (included). Receiver gets power from the 8000 Series Multi-Sport Console, which runs on rechargeable batteries.   |
| WEIGHT   | 2.9 oz. (4.9 oz. with Batteries).  |
| WARRANTY   | Five year guarantee against defects in materials and workmanship. Factory repair service for parts in warranty. Union label.   |
